

The Record of the Harps of Caer Galen

From the Present and stretching back to the Earliest Days

The Harp of Caer Galen dates to the earliest days of the Shire of Caer Galen, a time shrouded in mysterious antiquity. The harp is chosen by secret ballot by the members of the populace. This selection is traditionally done at Midwinter. Those chosen hold that position for a year, after which time they take charge of the vote and the tallying of those votes.

This document is current as we approach Midwinter in the Year of the Society 61, being 2026 in the common reckoning of years.
